THE TWELFTH ANNUAL REPORT
of the
COMMITTEE OF MANAGEMENT
of the
MAESTEG AND DISTRICT GENERAL HOSPITAL.
From January 1st to December 31st, 1926.

The Committee of Management beg leave to present to the Contributors their Twelfth Annual Report, Statement of Accounts, and Balance Sheet, for the twelve months ending the 31st day of December, 1926.

In reviewing the work of the year, we have much to be thankful for. It has been a very progressive and trying year. Progress has been made in all branches of work at the Hospital, but, financially, it has tried our faith and courage.

Considering all the circumstances, we anticipate that you will agree that we have come through with credit. (See our Statistical Report and Accounts.)

On March 6th our new Operating Theatre was officially opened by Mr. J. Picton James (General Manager, Collieries Department, Messrs. Baldwins Ltd.). In asking Mr. James to perform this function, it was our desire to honour him in his official capacity as General Manager of Messrs. Baldwins, Ltd., and Sir John C. Davies, chairman, and his co-Directors very generously consenting to him acting. We thank them very cordially for their kindness and their substantial donation. We also invited Mr. James as one of our honorary workers in the early stages of our movement to establish the Hospital, when as Hon. Secretary to the Committee of Eisteddfod Tir Iarll (which was founded to aid the funds of the Hospital) he handed over large donations annually. We are very grateful to Mr. James for all he has done to help us from the commencement, and for so kindly coming to perform this function and for his gift. His inspiring speech will live for some time to come. We are very proud of our Operating Theatre. It has been described by an authority as "second to none in the Principality."

On the same date Mr. David Evans, M.E. (our Chairman), unveiled a Memorial Tablet raised by the Committee and their officers to our late beloved Surgeon, Dr. John Harris Jones, M.B., C.M. (Glasgow), as a mark of their affection and appreciation of his life and work.

As anticipated in our last report, we came to an agreement with the Board of Management of the Swansea General and Eye Hospital for our affiliation with them for the training of our Probationer Nurses, which has been duly confirmed by the General Nursing Council for England and Wales. We are now a recognised affiliated Training School. We trust that this progressive step will be endorsed by the success of our nurses. We record our best thanks to the Matron for the efficient way she piloted this scheme to its successful issue.

All our Contracts on Capital Account are completed, but we are compelled to close our accounts for the year before the final adjustment is done.

The X-Ray, Electro-therapeutic, and Massage department has been fully equipped for its work and will be opened when we can secure a qualified Sister to take charge thereof, which we trust will be at an early date.

Another outstanding feature was the provision of a Wireless Receiving Set by the "Glamorgan Advertiser" Special Fund. This has proved a great boon to patients and staff alike. We thank very heartily the Proprietors of the "Advertiser" for opening this Fund and seeing it through to a successful conclusion. We also thank all the subscribers thereto, and Mr. T. Lloyd (The Garage) for foregoing all commission in the matter of providing the set.

In comparing our accounts with the previous year, it must be borne in mind that our principal source of income was affected for over half of the year. On Income and Expenditure Account we are down £1,293 6s. 4d., and on Capital Account £1,139 14s. 7d., a total of £2,433 os. 11d. We have a deficit on Income and Expenditure (Maintenance) Account of £1,302 2s. 5d., but we are not dismayed thereby, as we have confidence that you will see this, as well as our balance on Capital Account, wiped off in due course. This deficit could have been smaller had we cut down our beds during the stoppage at the collieries, but we kept the full complement of beds going—a policy, we feel sure, you will endorse by helping in the immediate future to clear all our debt. This policy was made possible by our Trustees and Honorary Treasurer agreeing to transfer Seven Hundred Pounds of our Loan to Income and Expenditure Account. Much suffering, if not lives, was saved thereby. We thank them very heartily for their very kind action.

We have again to record a large increase in the number of patients admitted and operations performed.

Our Consulting Surgeons visited us as required. These appointments added considerably to our expenditure, and account

for part of the deficit, but it must be remembered that only about one half of the special income expected towards this expenditure was received during the period. We thank the miners for agreeing to our request to make good the balance due on this account early in the year 1927.

We convey our best thanks to all Contributors, and especially our Annual Subscribers, for their splendid response to our appeal during the last few months. Their total reached a record figure. We received a donation of £100 from a lady who desires to remain anonymous. We are very grateful to her for her generous gift. To all other donors, and to those who organised functions in aid of our funds, we say thank you very much.

Mrs. Rees (Tondy House) and Miss Ray Morgan and the loyal band of lady collectors have again earned our deepest gratitude. We appreciate their special efforts on our behalf last year. The reception arranged by Mrs. Rees at her home again proved a fitting climax to a year's good work. Many thanks to her, Miss Morgan, and the Collectors.

Mrs. Hartshorn and her small group of workers at the weekly guild accomplished a lot of useful work for us, until the call of the children of the district in want reached their ears, when they immediately responded to the call and assisted to clothe the children. They deserve our warmest thanks.

Our President, Patrons, and Honorary Officers supported us splendidly, and we assure them that their kindness is appreciated.

The Honorary Medical and Consulting Staff have worked hard with exceedingly good results. They appreciate their new quarters at the hospital, as the facilities thereat are immensely better than at the old. We are grateful for their part of the work of training our Probationer Nurses.

Dr. Iwan Davies continues to give of his best in the matter of fitting up our X-Ray, etc., department. We are greatly indebted to him, and ask him to accept our most cordial thanks.

To the Matron and her Staff we say "Thank you." We regret losing the services of Miss Lewis (Matron), but wish her well in her new post. She accomplished great work during her period of Matronship, and we desire to acknowledge her efficient service and the satisfactory state in which she left the Hospital.

We look forward to the coming of Miss Davies, to take up her duties as Matron. We trust that under her supervision we may go further along the road of progress.

The columns of the "Glamorgan Advertiser" have remained open to us during the year, a boon which we and our various contributors appreciate. The exceptionally kind way in which the Editor supports us merits our gratitude. We thank very heartily the Proprietors for their generosity and kindness.

Lastly, we place on record our best thanks to all our numerous friends who have assisted us in any way during the year; also all who gave gifts in kind. Their services and gifts are highly valued.

For the Committee,

DAVID EVANS (Chairman).
